# Not your typical Ski & Ride School!

*Just learning? Fine-tuning your skiing or snowboarding skills? Smuggs makes learning fun for everyone!*

If you're new to the sport and are looking to build confidence, or are an intermediate looking to explore more challenging terrain, our highly qualified instructors can help you develop the skills and state of mind to meet those goals. For advanced skiers and riders, our instructors are your skilled guides, helping you experience the thrill and challenge of new and hidden terrain. Discover a world of on- and off-trail adventures you may never have found on your own.

## Learning by Doing

Far from the usual "skill drills," SSU specializes in learning by doing. Our ski and snowboard instructors — many of whom return year after year — are pros at turning learning into an engaging, fun adventure. They'll help you develop your expertise on our three mountains, from the gentle slopes of Morse to the trees, steeps, and the terrain parks of Sterling and Madonna.

## What Level Am I?

Whether you are trying to figure out how to put on your boots or how to get to the best powder stashes, SSU has the right program for you! Read on to match your skills to the lesson level that will allow you to reach your goals.

LEVEL 5:	You are comfortable on all blue terrain on Morse Mountain and are ready to tackle skiing or riding intermediate groomed blue terrain on the upper mountains. Skiers' skis are parallel throughout the entire turn; riders are linking toe-side and heel-side turns.
LEVEL 6:	You link turns and ski or ride confidently on all blue groomed terrain and most blue ungroomed areas. You would like to work towards skiing or riding groomed black diamond trails and intermediate woods and bumps.
LEVEL 7:	You are confident on all blue terrain and would like to expand your experience to the most difficult terrain, starting with mastering black groomed trails and progressing to exploring bumps and woods areas.
