

SNAP Essential Eligibility Criteria

To participate in the Smugglers' Notch Adaptive Program, individuals must satisfy the following Criteria. Our goal is to keep SNAP a fun and safe environment for all. Updated September 2025.

- Must be symptom-free of illness, including COVID-19, colds, flues, or any other communicable illness. If symptoms arise, the individual will need to withdraw from participating until symptom-free.
- Breathe independently (i.e., not require medical devices to sustain breathing).
- Willing and able to wear all required safety gear and equipment, including helmets, goggles, and weather-appropriate attire.
- Be able to actively participate and engage appropriately in activities. Harassment or abusive behavior towards others is not tolerated.
- Engage in safe behavior independently or with prompting.
- Individuals may not participate in the program if there is reason to believe they would put another participant or staff member at risk.

*Smugglers' Notch Adaptive Program may adopt appropriate policies and procedures to allow for participation.

*In the interest of safety, Smugglers' Notch Adaptive Program reserves the right to make final decisions on the appropriate protocols for each participant.
